Result-driven, creative developer looking for a position as a Software Engineer

Skills

Languages: Javascript, C#

Backend: Node.js

Frontend: React.js, React Native, SCSS

Database: NoSQL

Projects

React MUI Blog

A blog built with *React.js* and *Material UI* for the frontend. Used *Firebase* to handle authentication and authorization. On top of that, you can add posts from your account, that are display then both in the main page (in chronological order) and in your own profile, where you can edit or delete them.

[View Code/View Demo](#)

Easybank Landing Page

Demo landing page for an inexistent mobile bank, using *HTML* and *SASS*. This project is focused on turning an existing design into a fully responsive landing page with good UX.

[View Code/View Demo](#)

Restaurant App

An app to take orders in a restaurant. Built with *React.js*, *Redux* for state management and *Node.js* for the backend. You can create your account and log in (using my [API](#)). Once inside the app you can select the table you want to take the order and select from the available

menus. You can choose the amount of the desired dish with the numeric keyboard. You can do this process in each table.

[View Code/View Demo](#)

Refund App

App made entirely with *React.js* and *SASS*. The idea is that you scan a QR code in order to add an invoice to the list. (check the GitHub repository for some QR codes to test).

Work Experience

Waiter - Sushisamba (Amsterdam, Netherlands)

08/2019 - 07/2020

Social Media Marketing Internship - Universidad Católica Argentina (CABA, Argentina)

02/2019 - 05/2019

My university selected and trained a group of people to take care of the university's marketing in the social media. I was in charge of coming up with strategies so that the people in charge of writing the ads had a guide to follow.

Bar Manager - L'arc (CABA, Argentina)

03/2017 - 11/2018

I got to be second in charge in the bar. I had to take care that everything was running smoothly and control the stock.

Education

Universidad Católica Argentina (CABA, Argentina) - 2019

Web Development Bootcamp in UTN (CABA, Argentina) - 2018
